TRUSTEE'S DEED

This Trustee's Deed is made and executed to be effective as of the 29th day of May, 2009, **BY AND FROM** Timothy J. Dance, Esq., as Second Successor Trustee ("**Current Trustee**") under that certain Trust Deed, dated as of March 24, 2008, and recorded on March 26, 2008, as Entry No. 10383425, in Book 9586, beginning on page 6745, in the official records of Salt Lake County, Utah (the "**Deed of Trust**").

WHEREAS, on or about March 24, 2008, **GORDON FAMILY INVESTMENTS, INC.**, a Utah corporation, as Trustor ("**Trustor**"), executed and delivered the Deed of Trust to Founders Title Company, as original trustee, for the benefit of **LA QUINTA CORP., INC.**, a Delaware corporation, as original beneficiary and holder of that certain Note dated March 24, 2008 (the "**Note**"), in the original principal amount of Three Million One Hundred Thousand and No/100 Dollars (\$3,100,000.00). The Deed of Trust was subsequently assigned to **BV GATEWAY, LLC**, an Idaho limited liability company ("**Beneficiary**"), pursuant to that certain Assignment of Deed of Trust dated January 20, 2009, and recorded January 21, 2009, as Entry No. 10601862, in Book 9675, beginning on Page 9546, in the official records of Salt Lake County, Utah. The Deed of Trust covers real property, hereinafter described, located in Salt Lake County, State of Utah ("**Property**"); and

WHEREAS, breach and default was made under the terms of the Deed of Trust and the Note in the particulars set forth in the Notice of Default hereinafter referred to; and

WHEREAS, Mark B. Durrant ("**First Successor Trustee**"), a member of the Utah State Bar whose business address is 201 South Main Street, Suite 800, Salt Lake City, Utah 84111, was duly appointed as successor trustee under the Deed of Trust pursuant to that certain Substitution of Trustee, recorded on July 10, 2008, as Entry No. 10475648, in Book 9625, beginning on Page 7384, of the official records of the Salt Lake County Recorder, State of Utah; and

WHEREAS, First Successor Trustee executed, and thereafter filed for record, a written Default Notice (the "**Notice of Default**") containing an election to sell the Property, which Notice of Default was recorded on October 30, 2008, as Entry No. 10552010, in Book 9655, beginning on Page 1951 in the office of the Salt Lake County Recorder, State of Utah, and not less than ten days after recordation of such Notice of Default the First Successor Trustee did mail, by certified mail with postage prepaid, a copy of the Notice of Default, with the recording date shown thereon, addressed to the Trustor and to each person whose name and address are set forth in a request for notice recorded prior to the filing for record

of the Notice of Default. Trustor failed to cure defaults in the Notice of Default within the statutorily allowed time period; and

WHEREAS, Current Trustee, a member of the Utah State Bar whose business address is 15 West South Temple, Suite 1200, Salt Lake City, Utah 84101, was thereafter duly appointed as the second successor trustee under the Deed of Trust pursuant to that certain Substitution of Trustee, recorded on February 4, 2009, as Entry No. 10615145, in Book 9682, beginning on Page 6686, of the official records of the Salt Lake County Recorder, State of Utah; and

WHEREAS, Current Trustee, in consequence of such declaration of default, election and demand for sale, and in accordance with the Deed of Trust and the provisions of the laws of the State of Utah, did thereafter execute a Notice of Trustee's Sale (the "Notice of Sale") stating that the Current Trustee would sell at public auction to the highest bidder, payable in lawful money of the United States, the Property therein and hereinafter described, such Property being located in the County of Salt Lake, State of Utah, and fixing the time and place of the sale as March 3, 2009, at 10:30 a.m. (Mountain Time) at the East entrance of the Scott M. Matheson Courthouse, of the Third Judicial District Court – Salt Lake County – Salt Lake City located at 450 South State Street, Salt Lake City, Utah; and

WHEREAS, at least twenty days before the date of the sale, Current Trustee did cause copies of the Notice of Sale to be mailed by certified mail postage prepaid, addressed to the Trustor and to each person whose name and address are set forth in a request for notice which had been recorded prior to the filing for record of the Notice of Default, and did cause a copy of the Notice of Sale to be published once a week for three consecutive weeks before the scheduled date of sale in the Salt Lake Tribune, and the Deseret Morning News, which are newspapers of general circulation in the county wherein the subject property is situated, the first date of such publication being February 6, 2009, and the last date of such publication being February 20, 2009, and did cause copies of the Notice of Sale to be posted, at least twenty days before the date of sale therein fixed, in a conspicuous place on the Property to be sold and at the office of the Salt Lake County Recorder, State of Utah; and

WHEREAS, on March 3, 2009, at 10:30 a.m. (Mountain Time), James H. Jones, Attorney for Current Trustee, did appear, in compliance with UTAH CODE ANN. §§ 57-1-27, at the East Rotunda of the Third Judicial District Court – Salt Lake County – Salt Lake City located at 450 South State Street, Salt Lake City, Utah, and cried a public declaration postponing the sale of the Property, hereinafter described, until March 5, 2009 at 10:30 a.m. (Mountain Time) at the East Rotunda of the Third Judicial District Court – Salt Lake County – Salt Lake City located at 450 South State Street, Salt Lake City, Utah; and

WHEREAS, on March 5, 2009, at 10:30 a.m. (Mountain Time), James H. Jones, Attorney for Current Trustee, did appear, in compliance with UTAH CODE ANN. §§ 57-1-27, at the East Rotunda of the Third Judicial District Court – Salt Lake County – Salt Lake City located at 450 South State Street, Salt Lake City, Utah, and cried a public declaration postponing the sale of the Property, hereinafter described, until March 10, 2009 at 10:30 a.m. (Mountain Time) at the East Rotunda of the Third Judicial District Court – Salt Lake County – Salt Lake City located at 450 South State Street, Salt Lake City, Utah; and

WHEREAS, on March 10, 2009, at 10:30 a.m. (Mountain Time), James H. Jones, Attorney for Current Trustee, did appear, in compliance with UTAH CODE ANN. §§ 57-1-27, at the East Rotunda of the Third Judicial District Court – Salt Lake County – Salt Lake City located at 450 South State Street, Salt Lake City, Utah, and cried a public declaration postponing the sale of the Property, hereinafter described, until March 17, 2009 at 10:30 a.m. (Mountain Time) at the East Rotunda of the Third Judicial District Court – Salt Lake County – Salt Lake City located at 450 South State Street, Salt Lake City, Utah; and

WHEREAS, on March 17, 2009, at 10:30 a.m. (Mountain Time), James H. Timothy J. Dance, Esq., Trustee

STATE OF UTAH)
)ss:
COUNTY OF SALT LAKE)

The foregoing Trustee's Deed was duly acknowledged before me on June 3, 2009, by Timothy J. Dance, Esq., as Current Trustee.

Notary Public

EXHIBIT A

ENVIRONMENTAL COVENANT ACTIVITY AND USE LIMITATIONS

Owner shall prevent the release of amphibole asbestos from underneath soil caps and impermeable surfaces at the site. The property is currently covered with a mixture of asphalt paved surface, cement surfaces and soil covers that is preventing emissions of amphibole asbestos from the Property. In areas where cleanup work has already been performed, there are both vertical and horizontal orange plastic barriers below the soil cap indicating potential areas of contamination. In other areas, there are no such warning devices. These covers, surfaces (the "cap") and warning device must be maintained in good condition. If the cap deteriorates in such a manner that amphibole asbestos might be released, then Owner must repair the warning devices and the cap.

If the cap must be disturbed for any reason, Owner must protect workers, protect nearby receptors, and protect the removal action remedy by not introducing amphibole asbestos contamination into clean areas. The Owner must comply with the following:

- a. **Notification and Written Workplan** – The Owner must notify DEQ and EPA in advance regarding any project which will disturb the cap. The Owner must submit a written workplan to DEQ and EPA describing the nature of the project and the work practices and engineering controls to be used to prevent emissions of amphibole asbestos. EPA and DEQ will coordinate to determine the appropriate level of government oversight and will notify the Owner which agency will be conducting oversight of the project. The Owner must receive written approval from DEQ and EPA prior to beginning a project that will disturb the cap. In the event of any action or occurrence on or relating to the Property that constitutes an emergency situation or may present an immediate threat to public health or welfare or the environment prevents Owner from complying with the requirements of this paragraph, Owner shall notify EPA and DEQ of the situation and any responsive actions simultaneously with the identification of the emergency and determination of need for immediate action.
- b. **Existing Asbestos Regulations** – The federal government and the State of Utah have regulations regarding asbestos worker certification and asbestos work practices. These rules generally apply to "asbestos containing material" ("ACM") which means any material containing more than one percent asbestos, according to the definition set forth in the regulations. Owner must address all releases of amphibole asbestos, even those below a 1% concentration. Any activity at the Property which impacts the cap should be conducted, at a minimum in compliance with the regulations. The Owner shall notify the Utah Division of Air Quality Asbestos Program of any asbestos-related work practices.

- c. **Worker Health and Safety** – the U.S. Occupational Safety and Health Administration (“OSHA”) has regulations for workers exposed to asbestos, including permissible exposure limits (“PELs”), employee notification, monitoring methods, etc. The OSHA regulations state that the employer shall ensure that no employee is exposed to an airborne concentration of asbestos in excess of 0.1 fibers per cubic centimeter of air as an eight (8)-hour time-weighted average (“TWA”) as determined by the method prescribed in the regulations. Any activity at the Site which triggers the OSHA regulations should be conducted in compliance with the regulations. Soils at the Site which contain detectable amphibole asbestos at trace levels less than 0.2 percent could generate airborne concentrations of amphibole asbestos that are potentially hazardous when disturbed. Owner is required to keep worker exposures to amphibole asbestos at the Site to an absolute minimum, even if the OSHA regulations are not triggered. This includes requiring respiratory protection, employee training, engineering controls (e.g., wetting or containment), air monitoring, etc., if soils below a cap are to be disturbed, unless Owner can show, using EPA-approved amphibole asbestos analytical methods, that the soils are non-detect for such asbestos.
- d. **Receptors near the Site** – Owner must take steps to ensure that persons near the Site are not exposed to amphibole asbestos during any activity that disturbs the cap. Any workplan for a proposed project should describe how this will be accomplished with activities including, but not limited to, engineering controls, EPA-approved amphibole asbestos analytical methods, air monitoring, and restricting access to the Site.
- e. **Decontamination** – The workplan should describe decontamination procedures and adequately delineate workzones and decontamination zones for any proposed project. Decontamination must be considered for workers, equipment, vehicles, or any other thing that enters into the work zone. The workplan should also address the collection and disposal of decontamination water.
- f. **Handling, Transport, and Disposal** – Any activity that may possibly disturb the amphibole asbestos that remains underneath the cap must not re-contaminate the ground surface or nearby buildings. Procedures must be established and described in the workplan for preventing emissions from any amphibole asbestos-contaminated soils as they are excavated and transported for disposal. Contaminated soils, clothing, and other amphibole asbestos-contaminated waste should be containerized and treated as ACM. The materials should be transported to, and disposed of, as ACM at a landfill permitted to receive ACM.
- g. **Experienced Workers** – Any activity that will disturb the cap must be conducted by workers experienced with outdoor asbestos cleanups, preferably workers experienced in cleaning up amphibole asbestos contamination. Depending on the scope of the proposed project, utilizing inexperienced workers may be a cause for rejecting the workplan.

- | h. Owner shall pay DEQ for oversight and review in accordance with DEQ's fee schedule.
